

Welcome to the **GlobeTrotters** Newsletter

GLOBE TROTTERS is an Erasmus+ project dedicated to empowering women entrepreneurs eager to expand their reach internationally. Through the project, we are developing and refining a toolkit designed to assist educators and experts in hosting innovative workshops. These workshops offer women entrepreneurs a unique platform to enhance their international networking skills, collaborate effectively, and showcase their talents on a global stage.

Our toolkit guides facilitators through planning, executing, and delivering engaging sessions that foster collaboration and knowledge exchange among women entrepreneurs. This not only helps them connect with like-minded individuals but also increases their chances of forging meaningful international relationships.

Our partners also share their training, networking, internationalization, ICT, and adult skill development knowledge. We aim to deepen our understanding of the competencies and skills educators need to support women in their journey towards global expansion effectively.

In this newsletter you will also find:

Information about partner organisations, project's recent events, and next steps.

Partner Organisations

The Globetrotters project's consortium comprises 4 organisations from Malta, Spain, and Italy. Below, you can learn more about each organisation.

Institute for Futures is an innovation community made up of professionals in talent and business strategy, specialists in designing experiential and immersive dynamics through technological solutions for transforming talent to lead change.

Meet & Learn Training in Barcelona

Participants from Malta, Italy, and Spain gathered in the vibrant city of Barcelona for the exciting Meet & Learn Training event. This dynamic experience offered a deep dive into innovative design thinking methodologies and the intricacies of internationalization, along with essential skills for pitching one's business effectively. Over the course of the event, teams engaged in a series of practical exercises that were not only enlightening but also highly inspiring. These hands-on activities provided valuable insights and actionable strategies that participants eagerly embraced.

Beyond the enriching content, the event proved to be a fantastic networking opportunity. Attendees had the chance to connect with a diverse group, forging relationships that promise to open doors for future collaborations and ventures. The energy and enthusiasm shared among participants highlighted the event's success.

Project's next steps

As our project approaches its conclusion, we're excited to announce that the final event will take place in Malta this October. This milestone will mark the culmination of our efforts and showcase the achievements we've made throughout the project. We'll soon be sharing the results and insights gained over the course of our collaboration. **For the latest updates and detailed information about the project, be sure to follow our partner organizations on social media.** Stay tuned for more exciting developments!
