

Empowering Girls and Young Women Across Europe and the MENA Region

Co-funded by
the European Union

Project ID 101186010

Newsletter 1

Enhance girls and young women inclusion with the full support of the community

ENHANCE brings together 7 organisations from EU (CY, IT, NMK) and NON-EU (Jordan, Morocco, Egypt) countries to tackle gender inequality and discrimination, by offering a new training opportunity for NGOs operators. The project focuses on building partners capacity to put barriers and address stereotypes that lead to gender inequality in their communities.

Capacity building for NGOs operators

About project management and sustainability of impact

Equip NGOs managers and operators to work efficiently in transnational projects, increase efficiency and effective use of resources, learn how to monitor and evaluate project's quality.

Community circle for better cooperation

Equip operators, educators, community leaders to use the techniques and method promoted by RJ4ALL to foster community-based dialogue to solve common, social problems.

Non formal education training for youth workers

Equip operators, educators, community leaders to use the NON FORMAL EDUCATION techniques and method to boost girls and young women socio-economic empowerment

Tackle gender inequality and discrimination, by offering new up-to-date non formal education innovative methods and resources to ultimately foster a positive systemic change in their communities.

CAMP1 Torino, 22nd and 23 May 2025

Camp 1 PROJECT MANAGEMENT AND SUSTAINABILITY

Torino, Italy 22nd and 23 May 2025

FRAMEWORK organized the 1st workshop to equip partners' managers with project management skills and the ability to work in our multicultural team. The training lasted 2 days, and has been effective to boost our teams' ability to plan and monitor project's activities and motivate and engage with stakeholders.

Nusret from Eunoia introduced the partners to dissemination and visibility in European projects.

At the end of the training, partners planned the project's next steps together.

Valeria and Tawfiq from FRAMEWORK presented topics as Project lifecycle, monitoring and evaluation, plan for sustainability, team-work and cooperation.

WHAT'S NEXT?

In the upcoming months, partners will share the materials and knowledge gathered during the workshop in Italy with their local stakeholders and teammates. They will plan seminars and workshops to present the project and to share the knowledge gathered during the training activities.

Torino 23 May 2025 - Atig presenting the next workshop in Morocco, October 2025.

HOW TO PARTICIPATE

Enroll in the FREE training online.

The aim of this course is to provide the key elements of project management. It offers guidance on how to plan, organize, implement activities in a partnership project.
